Hi Lis,

I'm sure you've got this thing all worked out, but how can I be certain that this info you've got is valid? Maybe you give me a bit of a hint, so I know it is the real deal or not.

See you tomorrow - Paul

So you really did work it out? You clever sod! I guess you're going to that uni for a reason. But now that you know my color, I hope you keep to your word and tell me tomorrow.

Honestly going to bed now - Paul
